

Anne was one of California's foremost water law attorneys. She had been a partner at the firm of Ellison, Schneider & Harris since its founding in 1990.

She passed away in 2010, four years after she received the Lifetime Achievement Award from the Water Education Foundation.

The goal of this series of lectures is to encourage professional and personal commitment to water law and policy and the conservation of our special landscape – in memory of Anne Schneider's lifelong devotion to these areas.

In honor of Anne J. Schneider
